

### Prevention Strategies (monitoring COVID-19 community levels)

JPS will work in conjunction with the Jal Clinic to monitor COVID-19 community levels. With the recommendation from the local health organization, safety recommendations may change as needed.

### How will the LEA address Students' other needs (which may include student health and food services)?

Students have access to a full-time nurse at the district for their health or other needs. Breakfast and lunch are available daily for the elementary students and lunch is available daily for jr. high and high school students.

### How will the LEA address Staff social, emotional, and mental health needs?

All staff members are given two optional days and two personal days to use at their discretion throughout the year, along with ten sick days. Staff members have access to a full-time counselor at the district. Building principals will conduct various activities to help with SEL needs, such as staff luncheons and other activities.

Accommodations will be made as necessary for health needs for staff. All buildings are fully equipped with ADA accessibility.
