

Inflation is affecting all of us in every aspect of our lives. Due to federal requirements regarding ala carte food sales, SISD must increase prices. We are committed to providing high quality food items and continuously look for ways to maintain competitive prices. We are excited about this school year and look forward to seeing your student go through the cafeteria line!

Your student may also purchase additional items, and we hope you will let your child treat themselves with a little something extra. The selection includes a second serving of lunch, a personal pan pizza and savory or hot chips. Students can enjoy sweet ice cream or a nice cold 100% fruit juice.

Prepayments for these extra treats can be made at any time between meals at either campus. Checks can be written for multiple students, but please take payments directly to the cafeteria. Prepayments should not be made during the meal periods.

Prepayments can also be made online through MySchoolBucks (see Child Nutrition on the school website). The transaction fee is \$2.75. Charges will not be accepted.

Please call Jill Hazelton at 325/387-6940, extension 2009 with any questions.
