Ordering from a Teacher's Wish List

The Classroom Wish List program offers teachers a chance to select books for their classroom from the Online Book Fair. Parents and family members can purchase the books as gifts for the classroom and orders ship FREE to school!

Find Your School at **scholastic.com/fair**, and click on the shopping cart to go to your school's Online Book Fair.

Locate Your Teacher's Wish List: Click on the **School Wish Lists** tab on the top navigation bar. Check *Teacher Wish Lists* to see if your teacher has created a Classroom Wish List.
Note: If your child's teacher is not shown, they may not have created a Classroom Wish List.

Select books for the classroom: To purchase a book for the teacher, click the **Add to Cart** button for any book shown on the Teacher's Wish List. The book will be added to your cart.

Cart Checkout: From the shopping cart page, click **Proceed to Checkout** when your shopping is complete. You will be asked to log-in with your scholastic.com account or register if you don't have one. If you wish to shop for someone else, click **Continue Shopping** and add items to your cart. Once your shopping is complete, select the **Cart** button and complete the checkout process.

Important to Note:

- When you reach checkout, Wish List books purchased for a teacher and books purchased for you will be listed separately.
- Any items purchased for a classroom are labeled to the attention of the classroom teacher. Your name will appear in the order details as the purchaser of the item(s). You may also include a personalized message to the teacher during checkout.

All purchases benefit the school.
