Wilson Area School District  
Planned Course Guide

**Title of planned course:** Theatre II

**Subject Area:** English (elective)

**Grade Level:** 10, 11, 12

**Course Description:** In Theatre II, students will have an opportunity to continue the studies of multiple areas of theatre that they began in Intro to Theatre, building their skill sets as actors and theatre practitioners. Students will extend their studies of acting, reinforcing the analysis of a character based on text and then making physical and vocal choices onstage. Students will enhance these skills via improvisation exercises, monologue performance, scene performance, and audition preparation. Students will also explore other areas of theatre not addressed in Intro to Theatre, including musical theatre, origins of theatre in history, and contemporary theatre in the US today. Finally, students will collaborate to present a short one-act play as a culminating project, drawing on skills attained in both semesters to put forth a live performance for a small invited audience.

**Time/Credit for this Course:** Half year / 0.5 credit

**Curriculum Writing Committee:** Lacy Browne
