Dear Parents/Guardians,

As the temperatures drop, we know winter weather will be arriving soon. Our staff is always committed to safety and believe it is better to have schools closed during snowstorms and potentially treacherous road conditions. With this in mind, the District will cancel school the first two days schools have to close due to inclement weather this school year. These two days will give our children the opportunity to enjoy all the activities long associated with snow days. Any days beyond the first two days schools have to close due to inclement weather, and the district will use flexible instructional days as an alternative approach to delivering instruction. Children will engage in at-home online synchronous (live) learning on flexible instructional days. When the district cancels school or implements a flexible instructional day, students and parents will be alerted by phone, text, and email. If the flexible instructional day is canceled due to the severity of the weather, a message will be sent using the same alert system. The District will not provide breakfast or lunch on canceled days or flexible instructional days. Students and families will receive more information from their building principal regarding expectations for flexible instructional days very soon. Please feel free to contact your child’s building principal if you have any questions.

Thank you so much for your continued support of the Wilson Area School District, and have a wonderful Thanksgiving.

Best Regards,

Doug Wagner
Superintendent
