Dear Parents/Guardians,

In our continued effort to remain as transparent as possible, we feel it necessary to inform our school community about an incident today at Wilson Area High School.

This afternoon, the High School Administration was made aware that a person wrote the following message on the wall of the third-floor restroom, “Do not come to school 10-18-21 or I’ll be seeing you all in hell”. This action appears similar to a message found in Easton Area High School this week and shared on social media. The Administration, working closely with the Wilson Borough Police Department, has identified the student who made this inappropriate comment. We do not feel this student poses a threat to the school community. However, school disciplinary action is being taken along with possible law enforcement action as appropriate.

Please know the safety and security of students and employees is always the District’s first priority, and the Administration and police take these types of situations very seriously.

Sincerely,

Doug Wagner
Superintendent
