Ref: Food Distribution and Inclement Weather

Dear Parents, Guardians, and DCPS Family,

We hope you enjoyed an extra special Christmas Holidays, and wish you and yours a healthy and safe New Year!

We would like to take this opportunity to inform our DCPS families what the process will be in the event of a forecast for inclement weather, and the distribution of food for our students.

In the event of inclement weather forecasts during the week which may cause Virtual Learning Days and/or school closures, students will receive food the day before the weather impact to take home for the estimated number of days predicted for inclement weather. In addition to road conditions, weather forecasts will be closely monitored during the winter months to determine if food is to be sent home.

Please note: With the unpredictability of weather forecasts, school closures will continue to be determined by weather and road conditions and not if students received food the day before. We always err on the side of safety for our students and staff in inclement weather, and will send food home with students if the weather forecast is probable for inclement weather. Public announcements regarding school closings and Virtual Learning Days will continue on our DCPS phone software, DCPS Facebook, DCPS Website as well as on local and regional news outlets.

If you have any questions, please do not hesitate to contact myself or your child's principal.

Thank you for your continued support,

Haydee L. Robinson,

Division Superintendent
