Superintendent Report
Dr. Connelly updated the committee on the status of existing vacancies. The guidance position is expected to be filled this week and final reference checks are being made to finalize the preschool teacher position. Without these positions being filled we are looking at $57,000 in excess of the budget. Joe wanted to recognize Pam for the work she has done in saving the system money by eliminating two learning assistants.
The Middle School Drop-In Center is moving forward with the help of Mark Force. Scott Hoffman and Jim O’Shea will highlight the program at the sixth grade orientation this week. MESPA has put together a proposal in order to work with us in developing a technology plan that will meet the needs of our system for the next 5 years. This work will be funded by the Educator Quality grant. The next step is to identify who will be on the committee, firm up dates and get going on the plan.

School Committee Reports
Maureen Babcock reported that DEAT is preparing a report on Vicksburg Square to be present to selectman at the August 24th meeting. Trinity Financial will be preset to answer questions.
Piali De reported that she spoke with Patty Wenger about the possibility of speaking with the Parks and Recreation Department about combining administrative functions. The Committee discussed their meeting time change to 5:30 and whether or not it would be possible as the cable committee was not able to guarantee filming at that time. The possible alternatives would be to return to 7:00 p.m. or train someone to turn equipment on and off, but would not allow for panning the camera. Keith will report back with a recommendation.
Keith Cheveralls presented on Miriam Shaw’s life and generous financial support of the Harvard Public Schools. Keith agreed to write up a page for a hand out at the playground dedication.
Playground Recognition Proposal
Mary Day came to the meeting to finalize the proof for the playground sign to include major financial contributors and acknowledgement to all volunteers.
Piali De made the motion and SusanMary Redinger seconded to move that we authorize the Playground Committee to go forward to make the sign using our comments and suggestions.
