Superintendent Report
Dr. Connelly reported on the PARCC (Partnership for Assessment of Readiness for College and Career), which is an assessment program that will test grades 3-11 in English Language Arts and Math starting in school year 2014/2015. Harvard has been chosen to participate in a field testing of the PARCC assessments during a March to April testing period. Students who participate in this year’s PARCC Field Test will not be required to participate in the same section of (Math or ELA) of this year’s MCAS. Dr. Connelly reported that Harvard Parks and Recreation Committee requested a meeting to collaborate with them on investigating how other towns manage their recreation, community education and field maintenance operation. Dr. Connelly suggested that Patty Wenger as the liaison to Harvard Parks and Recreation contact Pat Nelson to set up a meeting.

Dr. Connelly reported that he had recently received an offer from New England Educational Consultants (NEEC) offering to provide us consultant assistance in the development of our next 5 year Strategic Plan with the benefit of a matching grant that would fund up to 60% of the cost. SusanMary Redinger, Patty Wenger and Dr. Connelly met with George Ladd and it appears to be a strong match to our current goal of producing a three or five year Strategic Plan by June 2014. The cost of the Strategic Plan development with the matching grant is estimated to be $5,000 or less.

Keith Cheveralls made a motion and Patty Wenger seconded to authorize the Superintendent to engage New England Education Consultants (NEEC) for the purpose of working on the Strategic Plan with the funding source to be determined.
